

In-Line Drill Design

6901 Glenmeadow Lane, Tallahassee, FL 32317 • 850-363-5602 • vwarnet@comcast.net

Show Sketch Form

- The following items must be received **AT LEAST 6 WEEKS** before your proposed delivery date:
 1. This form completed in its entirety. Please return to Victoria Warnet at vwarnet@comcast.net
 2. Full wind and percussion scores. Readable photocopies or PDF files e-mailed are acceptable.
 3. Full version audio recordings. CD, MIDI, or MP3 is acceptable.
- We know that changes in instrumentation are inevitable for any band. Here are some important notes as well as your options and some suggestions in solving this problem:
 - I will contact you within 48 hours of starting your drill to verify current numbers.
 - If your instrumentation changes after I have written your drill, I can rechart the drill with your new instrumentation for an additional fee. This fee is quoted on a per job basis with a minimum of \$50. It has also been my experience that band numbers never stabilize until after school has begun.

Contact Information

School Name: _____

Design Objectives

Desired # of Sets: _____

Purpose of drill: ☐ Competitive ☐ Halftime

Your Desired Degree of Difficulty: ☐ Easy ☐ Intermediate ☐ Advanced

Easy: This drill is designed to make young bands look good and have a successful halftime experience. The drill will require only basic visual and marching skills. Backward marching, interval changes, and extended step sizes will be kept to a minimum. The color guard will be integrated with the band where appropriate. Approximately 20-30 pages of drill will be included in this show.

Intermediate: This drill is designed to make bands look good, compete at the local level (if desired), and have a successful halftime experience. The drill will require average visual and marching skills. Backward marching, interval changes, and extended step sizes occur but are not widespread. The color guard will be integrated with the band where appropriate. Approximately 40 pages of drill will be included in this show.

Advanced: This drill is designed to make bands look good, compete at the local or regional level (if desired), and have a successful halftime experience. The drill will require average to above average visual and marching skills. Backward marching, interval changes, and extended step sizes are common. The color guard will be integrated with the band throughout the shot. Approximately 50 pages of drill will be included in this show.
